About Us

We are a proudly Ugandan company specializing in civil works, welding, fabrication, and general construction services.

We are a multi-discipline civil and engineering company delivering expert solutions across structural fabrication, instrumentation, electrical, plumbing, road construction and more. When you choose Zedpot, you choose a partner who delivers quality, on time, every time.

At the heart of our work is integrity, timely delivery, and customer satisfaction. We aim to build lasting relationships by providing durable, cost-effective, and innovative engineering solutions that meet the needs of our clients and communities.

Building Strength. Delivering Quality. Creating Lasting Value.

Sulaiman

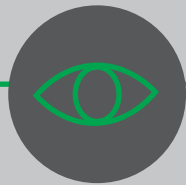

As a proudly Ugandan engineering and construction company, we are driven by a vision to provide dependable civil works, welding, fabrication, and construction solutions that contribute to the growth and development of our communities and nation.

Since our establishment, our focus has remained on quality workmanship, professionalism, safety, and customer satisfaction. We believe that every project, regardless of size, deserves commitment, precision, and excellence. Our dedicated team works tirelessly to ensure that we deliver durable and cost-effective solutions tailored to the needs of our clients.

We value trust, integrity, innovation, and teamwork, and these principles continue to guide our operations every day. Through strong partnerships with our clients and stakeholders, we continue to grow while maintaining the highest standards in the industry.

Our Vision & Mission

Our Vision

To become Uganda's leading and most trusted company in civil works, welding, fabrication, and construction services by delivering innovative, durable, and high-quality engineering solutions.

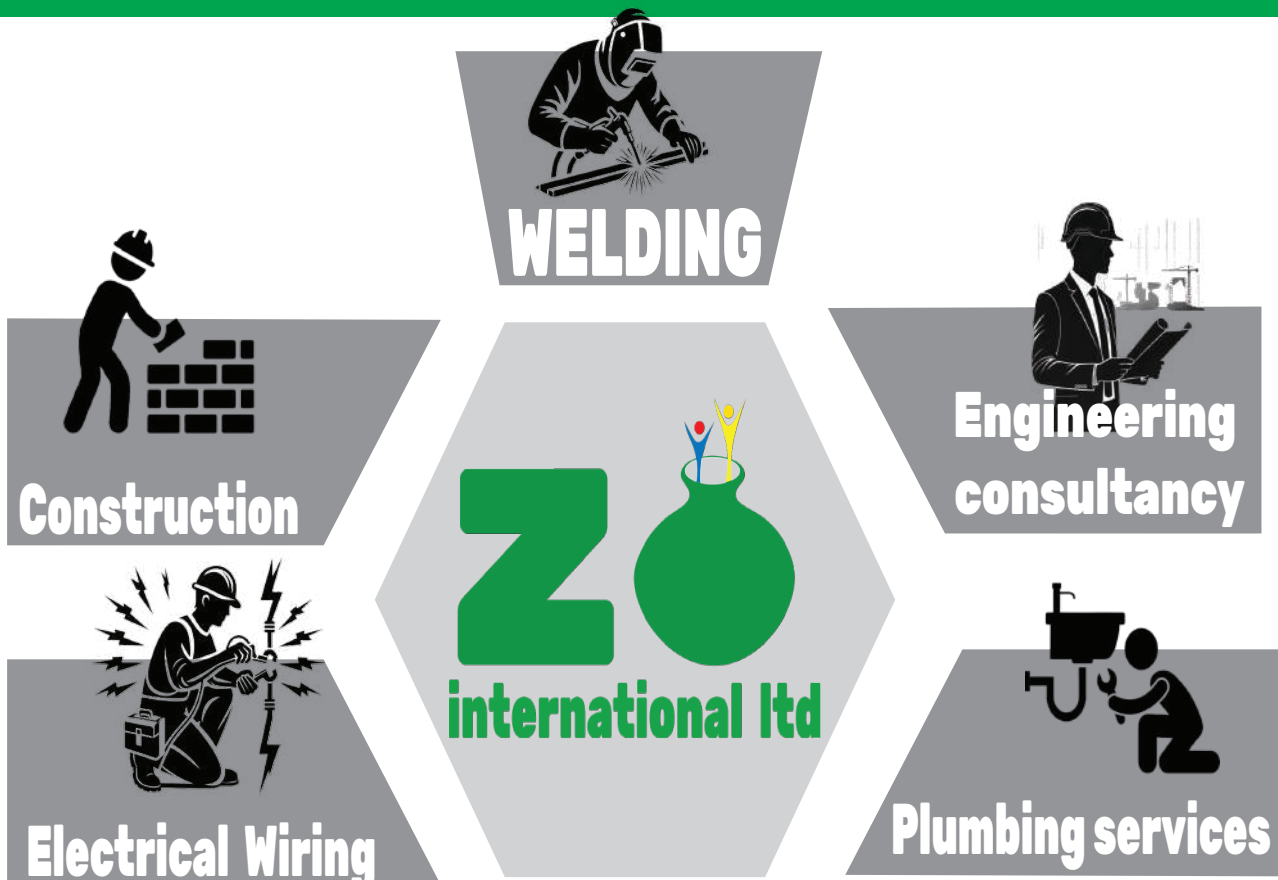

Our Mission

To provide reliable, safe, and cost-effective civil works, welding, fabrication, and construction services through skilled workmanship, modern technology, professionalism, and a strong commitment to customer satisfaction and sustainable development.
